- A : Professional Line Input : ¹⁾
- B : RCA Input : RCA ()²⁾
- C : 3.5mm Input : ³⁾

¹⁾ Calibrated +4dBu line input. The combo jack accepts either XLR or TRS inputs from balanced professional devices.

²⁾ The unbalanced RCA input is calibrated for -10dBV signals. The RCA jack is commonly used with home stereo devices or Prosumer equipment.

³⁾ Stereo 3.5mm input specifically calibrated to work with mobile devices like phones, computers and digital cameras.
